

Christopher is the CEO and Founder of Pulse Transport. With over 14 years in Emergency Medical Services and 6 years as a Critical Care Flight Paramedic. Christopher began his career in EMS in 2010 working for Barber County as a volunteer EMT. He quickly progressed to Pratt County in 2011 where he obtained his Paramedic Certificate. Christopher worked hard and began his Flight Paramedic career with Lifeteam in 2018. Christopher has several certifications including CCP-C, TPATC, PHTLS, PALS, NRP, BLS, and ACLS along with others. Christopher served as Base Outreach Coordinator for LifeSave during his last year with Life Team. Working for both Small local business and Large Corporations, he plans to tie the two together and give back to Kansans, the best of both worlds.

Christophers astounding communication and leadership skills have provided him with a great sense of teamwork and compassion. He believes in the quote, "If you put the patient at the center of every decision you make, you'll always make the right decision." – Bob Page

Keeping this quote close to his heart, Christopher founded Pulse Transport with patient care and safety in mind. Driven to ensure higher levels of care can be found in Rural Kansas not just urban communities.
